

CORE CURRICULUM TESTS

Principal's Report

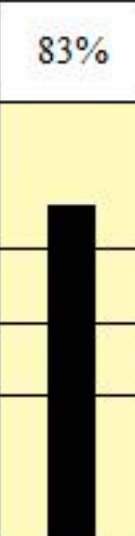

Principal: Ms. Janet Wilson

Dates Covered: March 1, 2009 through March 17, 2009

This chart shows the test scores for all topics for all teachers in your school (grades 3-12). You can also retrieve the Teacher reports. The Teacher reports can be printed as a class summary or for individual students. The Teacher report will let you see how each student is performing in each of the areas where they will be tested during the annual state test.

Sample Test Scores by Individual Classrooms

Student's Performance Level	83%
Advanced (80-100%)	
Satisfactory (70-79%)	
Limited (60-69%)	
Unsatisfactory (0-59%)	

The chart to the left shows the cumulative performance of all students in all classes at your school. This graph divides correct answers by all questions in the database. You can print this report for any set of date ranges. The scores should increase as the school year continues.

The chart below shows total scores for each teacher and topic in your school. You can also retrieve individual teacher reports showing how your students are performing on specific state standard items.
